**WATCH FOR OUR
NEW LOGO AND
NEW LOOK IN
JANUARY 2020!!**

CSPN NEWSLETTER

-In years past, CSPN has issued occasional newsletters to keep our member organisations abreast of happenings within the network. The Board of Directors is making a concerted effort to begin this once again, keeping you informed of events, network news, and important announcements. Look for a new issue to arrive in your inbox, and send us suggestions for articles to include in our content at adminassist@childsafetyprotectionnetwork.org.

Annual Dues

-As you prepare for your 2020 budget year, don't forget our Annual Dues invoices will be sent out on January 1st and will be due by the end of January. The yearly amount has not increased; they will still be \$500.00 (USD) for the full year.

New Training Course:

PROGRAMME ESSENTIALS

For the past few years CSPN has been working on creating a training module to equip organisations with the tools and training needed to create their own Child Safety Programme. Thus “Programme Essentials” was born. We are excited to offer this training for the very first time in February 2020 at Morrison Academy in Taiwan. You can check out the programme [HERE!](#)

This course is designed for policy makers and leaders who have responsibility for implementing and developing child safety programmes within their schools or organisations.

RTT: 7th Edition Revision

Announcing the newly revised 7th Edition of the Response Team Training! This programme has effectively been equipping and training individuals and teams for years, but we have given it a well-deserved upgrade. This newest version will be launched at Morrison Academy in February. [Click here](#) for more information or to register for the event.
